**NOTICE OF UNITED STATES NAVY'S INVITATION
For Public Comment on
Proposed Plan
Operable Unit 1, Site 83
Marine Corps Air Station Cherry Point, North Carolina**

This Proposed Plan presents the Preferred Remedy for past environmental concerns at Site 83 within Operable Unit (OU) 1 at Marine Corps Air Station (MCAS) Cherry Point, and provides the rationale for this preference. The United States Department of the Navy (Navy) proposes No Further Action (NFA) as the remedy because there is no unacceptable risk to human health or the environment at Site 83 under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA).

The Navy, the lead agency for site activities, and the support agencies, the United States Environmental Protection Agency (USEPA) Region 4, and the North Carolina Department of Environment and Natural Resources (NCDENR) issue this document. The Navy and the USEPA, in consultation with NCDENR, will make the final decision on the Preferred Remedy for OU1, Site 83 after reviewing and considering all information submitted during the 45-day public comment period from April 10 to May 25, 2012. The Navy and USEPA, in consultation with NCDENR, may modify the Preferred Remedy or select another remedy for OU1, Site 83 based on new information or public comments; therefore, public comments on the Preferred Remedy are invited and encouraged. Interested parties may submit written comments to the following:

The Proposed Plan is based upon the findings of previous site-related documents contained in the Navy's Administrative Record for MCAS Cherry Point. The Administrative Record can provide important background and site investigation information about the Site. The Proposed Plan and specific Administrative Record reference documents associated with OU1, Site 83 are available via the MCAS Cherry Point Environmental Restoration Program (ERP) public web site and can be accessed at <http://go.usa.gov/2EH>, then click "Administrative Record File" link.

Note: Some internet browsers do not include Department of Defense (DoD) digital security certificates; this may result in a security warning recommending the user not proceed. There is no harm in proceeding, but to avoid such security alerts, first download the DoD Root CA Certificates by following the instructions at the following web site: <http://dodpki.c3pki.chamb.disa.mil/rootca.html>.

A link has been established for the Proposed Plan during the comment period for ease of document access: <http://go.usa.gov/YjY>.

If you do not have personal access to the internet, a hardcopy version of the Proposed Plan may be obtained at the Havelock-Craven County Library (301 Cunningham Boulevard, Havelock, North Carolina 28532) during normal business hours. The library can be contacted at (252) 447-7509.

In addition, you are invited to a public meeting regarding the investigations and the Preferred Remedy for OU1, Site 83 at MCAS Cherry Point. The public meeting will be immediately followed by a Restoration Advisory Board (RAB) meeting. These meetings are scheduled as follows:

**Tuesday, April 24, 2012, 6:00 PM to 8:00 PM
Havelock Tourist and Event Center
